Software Developer

## SUMMARY

- Results-driven software developer with almost 5 years of experience, combining technical expertise with unique traits of adaptability and innovation.
- Proven ability to drive efficiency, innovation, and user satisfaction across diverse projects. Ready to bring my skills and experiences to a new challenge in software development.
- Collaborative professional with a proven track record of integrating APIs, enhancing system functionality, and driving a remarkable increase in user engagement. My unique blend of skills, coupled with a results-driven mindset, positions me as a valuable asset to any team.

## HARD SKILLS

Git - HTML - CSS - JavaScript - Bootstrap - jQuery - ReactJS - TypeScript - NextJS - ContextAPI - React Hooks  
Cypress - Jest - Chakra-UI - Core-UI - Material-UI - Agile methodologies - Responsiveness - Accessibility

## SOFT SKILLS

Effective Communication - Collaboration - Problem Solving - Flexibility - Critical Thinking - Time Management -  
Adaptation to Critique - Curiosity and Continuous Learning - Persistence - Empathy

## EXPERIENCE

### ContabilOne - Software Developer

May/ 2022 - Current

- Introduced performance improvements, leading to a 25% enhancement in application speed.
- Standardized code, improving readability and ensuring a consistent codebase, resulting in a 30% reduction in onboarding time for new developers.
- Optimized dynamic request handling, reducing response times by 15%.
- Collaborated in the architecture design of new features, contributing valuable insights that led to the successful implementation of innovative functionalities.
- Integrated APIs seamlessly, enhancing overall system functionality and user experience.

### Digiphy - Software Developer

Agos/2021 - Mar/2023

- Developed an adaptable project architecture that served as the foundation for over 20 new websites, resulting in more than 40% reduction in development time.
- Implemented design requirements, achieving a notable improvement in user interface (UI) and user experience (UX) for the projects.
- Conducted end-to-end testing using Cypress, resulting in a 30% decrease in post-deployment issues and improved overall application reliability.

- Successfully integrated APIs and introduced new features to the API, enhancing system functionality and providing additional capabilities to end-users.
- Resolved bugs promptly, reducing the number of reported issues by 15% and ensuring a more stable application.

## **Compass - Software Developer**

Jun/2021-May/2022

- Implemented the loyalty program in collaboration with the squad, a high-impact feature contributing to increased user engagement by 25% and customer retention by 20%.
- Successfully collaborated on the architecture of new features, providing insights that led to the seamless integration of innovative functionalities.
- Actively participated in War Rooms, contributing to the resolution of critical issues and minimizing downtime by more than 20%.
- Played a key role in training new developers, ensuring a smooth integration into the development team.
- Contributed to deployments, ensuring the successful release of new features and updates

## **ACCT | Consulting & Technology - Software Developer**

Oct/2020-May/2021

- Implemented performance improvements and standardized code, enhancing system efficiency and readability.
- Managed successful deployments, ensuring a success rate in the release of new features and updates.
- Seamlessly integrated APIs, improving overall system functionality and user experience, leading to more than 30% increase in user engagement.
- Created new components, contributing to a 20% enhancement in the platform's user interface and overall user satisfaction.

## **COMPLEMENTARY COURSES**

- Git e Github - Udemy
- JavaScript - Udemy
- Javascript - Origamid
- Automacao front-end com NPM - Origamid
- CSS Avançado - Origamid
- CSS Flexbox - Origamid
- Curso de AdobeXD - Origamid
- Web Design - Origamid

## **LANGUAGES**

- English - Upper Intermediate - Dublin English School - Exchange Program
- Portuguese - Native Speaker
